Professional Summary

Computer Science graduate (B.Tech, 2026) with hands-on AWS and DevOps experience and a solid grasp of cloud fundamentals: IaaS vs. PaaS, virtual machines, containers, APIs and usage-based cloud billing. Strong written and spoken English, with a habit of documenting clearly and following up on every detail. Seeking a client-facing role in Google Cloud partner onboarding and presales, where technical understanding and clear communication drive launches.

Core Skills

- **Cloud concepts:** IaaS vs. PaaS, VMs, containers, APIs, cloud security, pay-as-you-go and usage-based billing
- **AWS:** EC2, S3, IAM, VPC, Route 53, CloudWatch, CloudFront, ELB, Auto Scaling, RDS
- **DevOps tools:** Docker, Kubernetes, Jenkins, Git/GitHub, Terraform, Ansible, CI/CD
- **Systems & networking:** Linux (Ubuntu, Amazon Linux), TCP/IP, subnets, security groups, NACLs
- **Languages:** Python, Bash, SQL, Java, C
- **Professional:** technical documentation, client communication, requirement gathering, follow-ups and deadline tracking

Experience

Intern, Greateway Software Pvt Ltd | Aug 2025 - Jan 2026

Intern, Cognifyz Technologies | Jul 2024 - Aug 2024

Projects

Dockerized Web Application on AWS

- Containerized a web application with Docker for consistent deployment across environments
- Deployed and managed containers on AWS EC2, improving portability and deployment reliability

CI/CD Pipeline with Jenkins and GitHub on AWS

- Built an end-to-end pipeline automating code integration, build, testing and deployment to EC2
- Cut manual deployment effort and monitored and troubleshot pipeline runs

AWS Data Engineering ETL & BI Pipeline

- Built an ETL workflow that ingests raw data, cleans and transforms it with Python, and loads it into SQL tables
- Modeled fact/dimension-style tables and prepared metrics for BI dashboards

Education

B.Tech, Computer Science Engineering | Aug 2022 - Jul 2026

Dr. Babasaheb Ambedkar Technological University (DBATU), Lonere

Certifications

- CCNA: Introduction to Networks (Cisco Networking Academy)
- AWS with DevOps Training Certificate, Fusion Software Institute, Kharadi, Pune
