PROFESSIONAL SUMMARY

Computer Science graduate (B.Tech, 2026) with hands-on experience installing, configuring and deploying software, troubleshooting issues from logs and error messages, and working in Linux and networked environments. CCNA-trained in networking fundamentals. Clear communicator who keeps accurate records and follows each issue through to resolution. Looking for a Technical Support Executive role with on-site and remote customer support, and open to travelling to customer sites.

TECHNICAL SKILLS

- **Installation & configuration:** setting up and configuring applications, servers and services on Linux; Docker-based installs; deploying applications on AWS EC2
- **Troubleshooting:** diagnosing issues from logs and error messages, monitoring and routine system checks (AWS CloudWatch), step-by-step root-cause fixing
- **Networking:** TCP/IP, DNS, subnets, routing, firewalls and security groups, connectivity troubleshooting (CCNA: Introduction to Networks)
- **Operating systems & tools:** Linux (Ubuntu, Amazon Linux), Bash, Git/GitHub, SSH remote access
- **Customer-facing skills:** clear verbal and written communication, usage guidance, service records and documentation, teamwork, quick learner

PROJECTS

Dockerized Web Application on AWS | GitHub

- Installed and configured a web application using Docker and deployed it on AWS EC2 for consistent, repeatable setups
- Diagnosed and fixed deployment issues, and kept notes so the setup could be repeated

CI/CD Pipeline with Jenkins and GitHub on AWS | GitHub

- Automated build, test and deployment to AWS EC2, reducing manual effort
- Monitored runs and troubleshot failed deployments using logs

AWS Data Engineering ETL & BI Pipeline

- Built an ETL workflow in Python and SQL that cleans raw data and loads it into tables for reporting

EXPERIENCE

Intern, Greateway Software Pvt Ltd | Aug 2025 - Jan 2026

Intern, Cognifyz Technologies | Jul 2024 - Aug 2024

EDUCATION

B.Tech, Computer Science Engineering | Aug 2022 - Jul 2026
Dr. Babasaheb Ambedkar Technological University (DBATU), Lonere

CERTIFICATIONS

- CCNA: Introduction to Networks (Cisco Networking Academy)
- AWS with DevOps Training Certificate, Fusion Software Institute, Kharadi, Pune
